MEMORANDUM FOR Commander, 7th Sustainment Brigade (S3), ATTN: MAJ Jacob Naylor, 825 Monroe Avenue, Fort Eustis, VA 23604

SUBJECT: Distinctive Unit Insignia for the 7th Transportation Brigade

1. The distinctive unit insignia (DUI) redesignated effective 16 January 2014, for the 7th Transportation Brigade with the symbolism updated, was:

a. **Originally approved** for the 7th Transportation Group by letter AGAH-A, The Institute of Heraldry, 21 September 1971.

b. **Redesignated** effective 17 October 2006, for the 7th Sustainment Brigade with the description and symbolism updated by letter JDRP-IH-HS, The Institute of Heraldry, 2 May 2006.

2. The description and symbolism of the design are as follows:

DESCRIPTION

A gold color metal and enamel device 1 3/16 (3.02 cm) in height overall consisting of a gold demi-sun with eleven gold beveled rays, surmounted in base by a gold ship's steering wheel of eight spokes with brick red rim, bearing at the hub a Korean Taeguk (scarlet at the top and blue at base), the areas in the lower half of the wheel between the spokes pierced, all above a semicircular blue scroll with ends folded over the horizontal handles of the steering wheel and inscribed, "RESOLUTE" in gold letters.

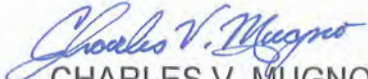

SYMBOLISM

The eleven sun rays refer to the unit's service in Europe during World War II and its participation in ten campaigns in the Korean War. The Taeguk alludes to the organization's two Meritorious Unit Commendations earned during the Korea War and the two Republic of Korea Presidential Unit Citation awards. The ship's steering wheel and the blue scroll allude to the organization's mission to command units employed in the operation of water terminals. Brick red and golden (gold) yellow are colors used for the Transportation Corps.

MEMORANDUM FOR Commander, 7th Sustainment Brigade (S3), ATTN: MAJ Jacob Naylor, 825 Monroe Avenue, Fort Eustis, VA 23604

SUBJECT: Shoulder Sleeve Insignia for the 7th Transportation Brigade

1. The shoulder sleeve insignia redesignated effective 16 January 2014, for the 7th Transportation Brigade with the symbolism updated, was:

a. **Originally approved** for the 7th Transportation Command by letter AGAH-A, The Institute of Heraldry, 3 April 1967.

b. **Authorized** for wear by personnel of the 7th Transportation Group as an exception to policy by letter DAAG-HDP-A, The Institute of Heraldry, 1 March 1984.

c. **Redesignated** effective 17 October 2006, for the 7th Sustainment Brigade with the description and symbolism updated by letter JDRP-IH-HS, The Institute of Heraldry, 2 May 2006.

2. The description and symbolism of the design are as follows:

DESCRIPTION

On a brick red shield within a 1/8 inch (.32 cm) golden yellow border, 3 inches (7.62 cm) in height and 2 inches (5.08 cm) in width overall, issuing from the center point throughout seven golden yellow rays surmounted by a blue chess-rook.

SYMBOLISM

The rays issuing from the center of the shield refer to the receiving and dispersal of personnel and cargo. The rays are seven in number in reference to the numerical designation of the organization. The "rook" is the chess piece for a castle, medieval stronghold of fighting men and supplies. The name is derived from the Persian word "Rokh" meaning a soldier, and is used to represent the military troops and equipment being transferred from mode one of transportation to another at the organization. Blue, the Infantry color, refers to the organization's capability of defending itself as Infantry against hostile ground attack. Brick red and golden yellow are for the Transportation Corps.
