MEMORANDUM FOR Commander, 20th Chemical, Biological, Radiological, Nuclear, Explosives Command, ATTN: Joseph Blodgett, E2400 Bush River Road, Aberdeen Proving Ground, MD 21010-5424

SUBJECT: Distinctive Unit Insignia for the 20th Chemical, Biological, Radiological, Nuclear, Explosives Command

1. The distinctive unit insignia (DUI) redesignated effective 17 October 2013, for the 20th Chemical, Biological, Radiological, Nuclear, Explosives Command, was:

a. **Originally authorized** for the 20th Support Command by letter JDRP-IH-HS, The Institute of Heraldry, 5 April 2005.

b. **Amended** to change the description and symbolism by letter JDRP-IH-HS, The Institute of Heraldry, 6 May 2005.

2. The description and symbolism of the design are as follows:

DESCRIPTION

A silver color metal and enamel device 1 3/16 inches (3.02 cm) in height consisting of a green field charged with five silver stars chevronwise over a sword with a yellow hilt and silver blade with a black center line issuing red and yellow flames; all enclosed by a continuous black scroll, looped at the top sides and bearing a green fleur-de-lis on top with the words "LIBERTATEM" on left side and "DEFENDIMUS" on right in silver letters.

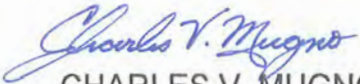

SYMBOLISM

The flaming sword highlights this country's aggressive stance with the battle against domestic and international terrorism. Green alludes to the Army as a land force. Black is in honor of the personnel who died on September 11, 2001, and the War Against Terror. The motto translates to "Liberty We Defend." The stars represent the five mission elements of the Command: Chemical, Biological, Radiological, Nuclear, High-Yield Explosive Response. The stars also underscore the command being a multi-component unit in today's threat environment. The green fleur-de-lis is symbolic of the first modern day use of chemical warfare in Europe during World War I.

AAHS-IHS (840-10a)

SUBJECT: Distinctive Unit Insignia for the 20th Chemical, Biological, Radiological, Nuclear, Explosives Command

3. This authorization is in accordance with AR 670-1 and Headquarters, United States Army Forces Command Permanent Orders 261-1, dated 18 September 2013. A copy of this letter will become part of your permanent organizational history files.

MEMORANDUM FOR Commander, 20th Chemical, Biological, Radiological, Nuclear, Explosives Command, ATTN: Joseph Blodgett, E2400 Bush River Road, Aberdeen Proving Ground, MD 21010-5424

SUBJECT: Shoulder Sleeve Insignia for the 20th Chemical, Biological, Radiological, Nuclear, Explosives Command

1. The shoulder sleeve insignia redesignated effective 17 October 2013, for the 20th Chemical, Biological, Radiological, Nuclear, Explosives Command, was:

a. **Originally authorized** for the 20th Support Command by letter JDRP-IH-HS, The Institute of Heraldry, 5 April 2005.

b. **Amended** to change the description and symbolism by letter JDRP-IH-HS, The Institute of Heraldry, 6 May 2005.

2. The description and symbolism of the design are as follows:

DESCRIPTION

On a green square 2 1/4 inches (5.72 cm) on each side point up with a 1/8 inch (.32 cm) black border, five white stars edged silver gray along top sides above a sword with a yellow hilt detailed black and a silver gray blade with a black center line issuing red and yellow flames.

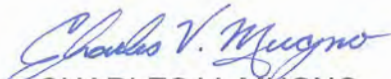

SYMBOLISM

The stars represent the five mission elements of the Command: Chemical, Biological, Radiological, Nuclear, High-Yield Explosive Response. The stars also underscore the command being a multi-component unit in today's threat environment. The flaming sword highlights this country's aggressive stance with the battle against domestic and international terrorism. Green alludes to the Army as a land force. Black is in honor of the personnel who died on September 11, 2001, and the War Against Terror.
